Experience

More on Portfolio

< SIDE PROJECTS id= "PERSONAL" />

- **PokéWeb - Pokémon Data Displayer** (<https://pokeweb-site.vercel.app/>)
 - Built a data-powered web application reading **external REST APIs** to **fetch**, **structure**, and display complex datasets. Displayed **adaptability**, **attention to detail**, and clean **data presentation**.
- **YourBlog [Production-Ready Blog Platform | End-to-End Development]**
 - A **full-stack** blogging application focusing on **secure architecture**, **SEO**, and seamless content workflow. Implemented secure server-side **session authentication**, bcrypt **password hashing**, and ownership-enforced **API routes** to prevent unauthorized data access.
- **Portfolio Website** (<https://davids-portfolio-3828.vercel.app/>)
 - A fully **responsive** portfolio website using modern **front-end** best practices, focusing on **UI/UX**, **accessibility**, **SEO**, and performance. Demonstrates strong visual design sense and user-centered interface development.

< REAL WORLD PROJECTS />

- **Foundation on the Rock** (<https://thefoundationontherockrevival.org/>)
 - **Project Team Lead | Promoted** for exceptional **collaboration** and **communication** skills. Led the end-to-end development of a Church website using **WordPress**, **Elementor**, and **custom plugins**, featuring event listings and **Google Maps integration**. Consistently **met tight deadlines** with a high level of **attention to detail**.
